

Author's Errata for ONW5-02 The Rescue

Some Slaver Guards have the Dodge feat without having the prerequisite Dex 13. They should have been given Dex 13 and Wis 10.

A few Slaver Guards had weapons changed late in the process without changing the Weapon Focus feat as well. Obviously, these should reflect the correct weapon.

Furthermore, Commander Orsen should be Neutral Evil and not Lawful Evil as printed, in order that he qualifies for both of his classes.

Neither of these errors change any other statistics.
